Bally MIDWAY

SEGA

# Water Match™

Soak in all the excitement with another Bally Midway 6-Pack™ game. Test your endurance in an action-packed series of water sport workouts. From swimming to rowing to riding the rapids. . . find out if you've got the muscle to make it through a surge of nonstop video events in a challenging race against time!

Water Match is one of six dedicated games which may be easily converted to five additional Bally Midway games. Extend your investment and increase your earnings by purchasing economical conversion kits. Each kit comes complete with hardware, software, header and generic cabinet decals.

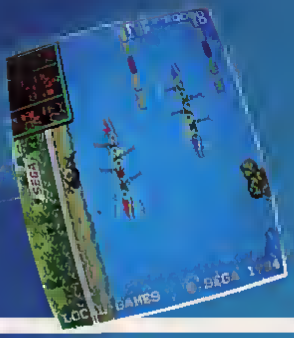
# Splash



## ROUND 1 STARTS OFF WITH A SPLASH!

The starter pistol sounds and the match begins! Plunge into your first challenge by taking the controls to vigorously maneuver your swimmer through two complete lengths of the pool before the timer runs out! Players test their own physical endurance as they grip the joystick to simulate the rhythm and action of freestyle swimming. Complete the competition within the time limit and you'll qualify for the next challenging event! But take too much time to catch your breath and the game's automatically over!

## ROUND 2 MOVES AT A "RAPID" PACE!

The competition is stiff and after the first round, so are your arms! But this is no time to let your spirits get dampened. Your next challenge is even more demanding with an added undercurrent of danger. You'll be at the oars of a one-man kayak treading a treacherous river stocked with wild rapids and menacing obstacles. Paddle clear of power stations, bobbing bottles, river rocks and surprise attacks to avoid penalties. Beat the clock and you'll move on. But get waterlogged by enough obstacles and you'll be up the creek without a paddle!

## ROUNDS 3 & 4 GET WETTER AND WILDER!

Now that you've gotten your feet wet, it's time to get in over your head with a new challenge. Pool all your aquatic skills from the first events and you'll have no problem keeping above water. Round 3 puts you in a medley competition where you'll need to rely on your butterfly and backstroke skills to outswim the clock. Keep afloat and you'll move onto Round 4 to steer a 4-man boat race to victory. If your luck holds up and you keep in the swim of things, you'll eventually take on the kayak slalom en route to a record-breaking Watermatch championship!
